

## **This Meanz War**

Too deaf, too deaf, but I wont lose.  
too slow, slow, it's all old news.  
Cracked up, crack up, as if it ain't enough.  
Shoved out, shoved out, ain't it tough?

This means war on you. X2

Whipped out, whipped out, I still can fight.  
Beat up, beat up, You'll see I'm right.  
Sucked in, sucked in, it's so insane.  
Do you feel?

This means war on you. X2

Chorus

Questions and answer rock your head.  
Down the stairs, you're being led.  
Sky starts to spin, you got that grin.  
But it's no use man, you can't run to him. Can't run to him.

So ill, so ill, and you're so weak.  
Messed up, messed up no words to speak.  
Wake up, wake up, then you can sleep,  
But do you feel?

This means war on you X2

Chorus:  
Solo

This means war on you X2

You want to have a war?  
I'll give you a war....

War on you!
